BROOKLYN'S PLAYGROUND

Thanks to the Idaho State Journal for their continued support of Brooklyn's Playground, an all-inclusive community-build park coming in September.

There is a correction to this past Sunday's article about a Challenge Grant I have presented.

I have donated \$10,000 to the playground and then made an additional \$10,000 available as a match from a local business. In addition, I have said that I will match any contributions from all of you out there totaling up to \$10,000 that are given before April 15 but let's make that April 30.

So let's all get busy and take advantage of this opportunity to get \$2 for every \$1 given. Make me do this — I'm looking forward to it!
