

## We're so close...

We're so close as a community to making Brooklyn's Playground a reality.

The community's first *inclusive* playground, where children with disabilities can play side-by-side with their non-disabled peers in a stimulating environment that encourages imaginative, cooperative play.

***Brooklyn's Playground will be among the top 10 percent of the nation's playgrounds for accessibility.***

Think about what that says about us as a community. It says we care. It says we recognize that all children deserve to play and enjoy the developmental benefits that come with it – physical, emotional, social and intellectual benefits.

What a powerful statement for all of us to make.

Even more important, Brooklyn's Playground will be a lasting legacy for the children of our community.

We need your help to give "The Gift of Play" to our community's children.

**A fun and affordable way to help is to purchase pickets and pavers.**

Brooklyn's Playground will be surrounded by a 4-foot tall synthetic picket fence. The pickets can be personalized:

- Recognize every member of your family.
- Buy them for your employees or valued customers.
- Run a fundraiser and dedicate the proceeds to pickets.

***Personalized pickets are a wonderful way to have your contribution to Brooklyn's Playground permanently recognized. If your pickets are ever lost or vandalized, they'll be replaced at no charge to you.***

The same is true of pavers. The entrance to Brooklyn's Playground will be paved with 12 X 12 pavers that can be inscribed with up to four lines.

*Brooklyn Fisher, for whom Brooklyn's Playground is named, has spina bifida. Her parents Jonny and Melissa have led the effort to build the community's first inclusive playground.*

(over)

Please take a moment and order either pickets or pavers today, or make that commitment to run a fundraiser to help. You can order by filling out the enclosed order form and returning it with your payment, or order online at the Brooklyn's Playground website: [www.BrooklynsPlayground.org](http://www.BrooklynsPlayground.org).

Either way, you'll be a permanent part of something very important to our community's children.

Regards,

*Brooklyn's Playground Committee*

P.S. For every picket you purchase, you'll be entered into a drawing for a catered dinner for 20 at the beautiful Rogers Ranch. For every paver you purchase, you'll receive two entries.

*Brooklyn's Playground will be located centrally at OK Ward Park. It will be built September 19-24 by up to 1000 volunteers, and will be the playground of choice for the valley's children.*
